Invite to the International Conference

Prospects of building the infrastructure capacity on the freight corridors in EU-Ukraine border area,

which will take place

**On November 13-14, 2023
in Dąbrowa Górnicza, Poland**

The conference will be hosted in a hybrid format.

The International Conference is held within the framework of the project “Increasing the capacity of freight transportation infrastructure on EU-Ukraine borders” (Nº 22220189) implemented under Visegrad Grant+ Programme.

Project duration: 01.10.2022 – 31.03.2024.

The aim of the International Conference is to discuss and exchange views on issues regarding the building the infrastructure capacity on the freight corridors in EU-Ukraine border area, in particular the development of logistics routes for cargo transportation, directions for increasing the capacity of border infrastructure on EU-Ukraine borders, the development of multimodal transportation in Ukraine and neighboring EU countries, good practices of government support for green technologies and innovations in freight transportation and multimodal terminals in V4 region and Romania. Theoreticians and practitioners among others from Ukraine, Poland, Slovakia, Hungary and Romania will discuss the issues.
